

CHALK & CHUCKLES
YOU ARE WHAT YOU PLAY!

Learning & Fun aboard 2025!

ABOUT US

At Chalk and Chuckles, we're passionate about creating fun, engaging, and high-quality games and activities that bring families, friends, and classmates together. Our products focus on holistic child development, nurturing the essential skills and qualities every parent hopes for—confidence, creativity, curiosity, flexibility, independence, connection, kindness, and happiness. We craft toys and games that go beyond textbooks because YOU ARE WHAT YOU PLAY!

We are Chalk and Chuckles!
For us WORK = PLAY

No matter what we do we breathe fun and bring on the play! We bring our playfulness into the products we design so that kids have fun without knowing they're actually learning and building really big skills!

**WE ARE
FUN**

1

Just like fun, creativity is in our DNA! We know how to get and hold your child's attention and imagination.

From our game concepts to the illustrations to the packaging, we think creatively to make learning fun. A Chalk and Chuckles product is immediately recognizable because of the depth of our thinking and design.

**WE ARE
CREATIVE**

2

Connection before learning & connection before selling! Relationships matter to us. We are hard-wired to connect. Through connections, humans thrive & get their emotional needs met.

We pride ourselves in making toys that help families unplug & connect playfully with each other, while building character, values and key learning skills.

**WE BELIEVE
IN CONNECTION**

3

We strongly believe that all children deserve to live in a world where success is defined as fulfillment, passions, and purpose; Not simply scores on a test, or the zeros on a paycheck.

Our products engage children's imagination, encourage curiosity & creativity, and inspire new interests. All while building confidence.

**WE BELIEVE IN
THE POWER OF PLAY**

4

Designed by early childhood education experts and loved by kids, families, and teachers worldwide!

Heading our product development team is Prachi, a Harvard alum and Educational Psychologist with over a decade of experience working with families, and schools. Our team creates products that are both fun & impactful.

**WE HAVE EXPERIENCE
& THE EXPERTISE**

5

We want to make a better world for our children. We make our products from recycled board & print with non-toxic Soy inks. We try to use only FSC®-certified paper.

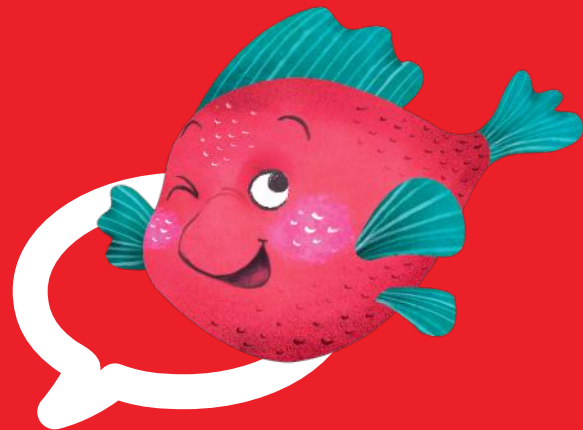

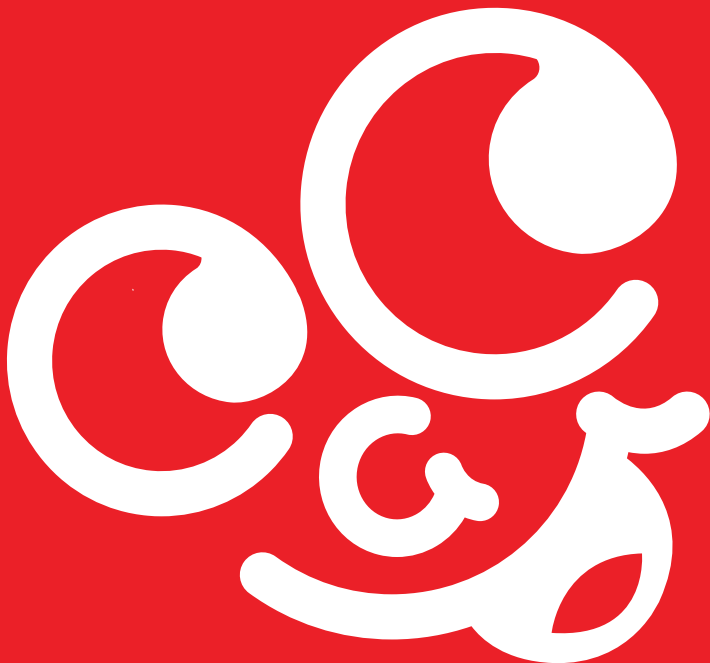

Your child's safety is of most important to us. All our products meet the BIS, EN71, ASTM, CPSIA & CE Safety Regulations. We manufacture in an ethical and socially responsible way.

**WE ARE SAFE &
SUSTAINABLE**
