where imagination runs wild

Mojo was founded in 2009 and over the past 16 years it has established itself as one of the very few premium manufacturers of high-quality figurines.

Based in Hong Kong, we distribute our products to over 40 countries worldwide and have gained a reputation for producing some of the finest animal figures available. The key to our success is a constant focus on customer service and increasing quality whilst retaining affordability.

Looking forward to 2025 we are excited to be launching a number of products that to date, have not been adequately represented in the figurine category, this is something we aim to change.

Our 2025 Line up includes a selection of Koi Carp, each expertly painted in a very specific style. They represent six of the most sought after body patterns associated with this highly prized fish.

In addition we will launch our Garden Bird series. Based on some of the most popular garden birds from around the world this range offers superb quality and will be both extremely popular and collectable. Such is our confidence in this collection that Series 2 is already under development.

Enjoy the 2025 collection.

WILDLIFE

● 381004
Gorilla Female
5.7 x 4.3 x 8.1 cm
2.24 x 1.69 x 3.19 in

Our Goal

To create the finest quality products available.

To offer First Class Customer Service

To be customer focused, whether Business or Consumer.

To build long term partnerships based on Quality, Trust and Confidence.

Craft and Expertise

Designed in the UK, our products are made with passion. Passion for design, passion for realism, and a passion for quality. Each figure is expertly researched prior to its manufacture.

The sculpting and coloration processes can take many months and even then, some do not make it into production. Once in production, we may refine a model many times until we feel it reaches a level of quality with which we are happy.

Mojo, a passion for perfection!

Safety and Standards

Each Mojo product is rigorously tested to a wide range of international standards. This is an ongoing process with every model in the range undergoing safety testing on an annual basis.

We value safety above all else.

European Standards

EN71 Part 1, 2, & 3, EN71 Part 9, DIN53160 (German standard), Cadmiun & Non-Phthalate.

US Standards

ASTM F963-11, CPSIA, Lead in surface coatings, Lead in substrate, Non-Phthalate, California Prop. 65

China Standard

China Compulsory Certificate (CCC)

Japan Standard

Japan Food Sanitation Law (JFSL)

Saudi Arabia & Middle East Standard

Gulf Conformity Certificate (GCC)

Gulf Conformity Tracking Symbol (GCTS)
